Skills
Backend
- C#, .Net, .Net Core, Linq, Entity Framework,WCF Services, Wep Api
- Node Js, Express

Frontend
- Vue.js, Svelte.js
- HTML,CSS,Vanilla JS

DevOps
- Docker, Kubernetes

Db
- Oracle, MySQL, PostgreSQL, Microsoft SQL Server

Others
- RabbitMQ, Kafka, Elasticsearch, Redis

creative problem solver

good learner

team player

Strengths

Svelte

Vue

C#

Kubernetes

Node Js

Docker

EDUCATION

2016 - 2018 **MSc in Computer Engineering | ⌀ 3.3 / 4.0 GPA ♀ Hacettepe University, Ankara, Turkey**

Thesis: ECLIPSE PLUGIN FOR AUTOMATIC DETECTION OF CODE SMELLS IN SOURCE CODES

2010 - 2015 **BSc in Computer Engineering | ⌀ 3.8 / 4.0 GPA ♀ Hacettepe University, Ankara, Turkey**

Honors: I was ranked as the 1st in my department and faculty of engineering.

EXPERIENCE

July-2015, now **Senior Full-Stack Developer | ♀ ASELSAN**

- Responsible for developing software for Electronic Toll Collection Systems.
  Graphical user interfaces for supervisors to control and manage lanes and operators, shifts and collected money, reports.
  Northern Marmara Motorway, Turkey.
